CIRCULAR

Ref No: CS/2026-27/C-52
Date: July 09, 2026
File: Circular to Parents 2026-27

Subject: Response to the concerns raised during the PTM on 04th July 2026.

I would like to express my sincere gratitude to all the parents and students who attended and actively participated in the Parents Teacher Meeting (PTM). As rightly stated in the *National Curriculum Framework for School Education 2023*, "Parents Teacher Meetings should not be primarily about telling parents the issues and challenges being faced with their children, but about sharing what their children are learning and the efforts being made by the school" (NCF-SE 2023, Section 2.2.2, p. 568). Please find below the Class-wise parent queries and responses:

Grade X-A

Parent of **Druti Gowda**
Concern: Requested additional study materials for other subjects similar to those provided for Social Science.
Response: At present, it is not feasible to provide additional study materials. However, the suggestion has been noted and will be considered in the future.

Parent of **G. Manuvanth**
Concern: Suggested that greater emphasis should be placed on maintaining discipline in the classroom. Also requested that frequent class tests be conducted.
Response: The suggestions have been acknowledged and will be taken into consideration while planning future classroom activities and assessments.

Parent of **Raghav V Gowda**
Concern: Students are unable to complete their notes due to network issues while accessing Edisapp. Requested that notes be shared through WhatsApp until the issue is resolved.
Response: Edisapp is currently under maintenance. The issue is expected to be resolved shortly.

Parent of **Norah Daniel Castro**
Concern: Requested that remedial classes be conducted every day.
Response: Daily remedial classes will commence shortly to support students who require additional academic assistance.

Parent of **Naisha Hegde**
Concern: There are too many notes to complete, which consume a significant amount of time. Most of the homework involves note-writing, leaving students exhausted.
Response: The practice of sharing notes for Mathematics and Social Science has been discontinued.

Grade X-B

Parent of **Naisha Hegde**
Concern: Expressed that the volume of homework has increased, making it difficult for students to balance regular studies and revision.
Response: Homework is necessary for students to practise and reinforce learning. However, the homework schedule will be reviewed, and efforts will be made to limit homework to two subjects per day, wherever possible.

Parent of **B. V. Monish Balaji**
Concern: Notes for Mathematics and Social Science are being shared in PDF format.
Response: No further notes will be shared for Mathematics and Social Science.

Grade X-C

Parent of **Ayushi Jain**
Concern: Requested complete printed notes, as students spend considerable time completing notes at home. Also mentioned that exit cards are often being completed by parents.
Response: The suggestions have been noted, and appropriate steps will be taken to address these concerns.

Parent of **Nihaar Nikhil**
Concern: Requested a system through which parents can track the daily topics taught in school so that they can monitor their child's progress.
Response: Edisapp was under maintenance. Daily updates will be shared through Edisapp shortly.

Parent of **Kanishka Debbansi Maharana**
Concern: Requested that the number of activities for Grade 10 be reduced.
Response: The suggestion has been noted and will be taken into consideration.

Grade X-D

Parent of **Rufaidah Khanum**
Concern: Suggested conducting oral question-and-answer sessions and encouraging students to summarise the previous day's lesson.
Response: This practice is already being implemented regularly in the classroom and will continue as an integral part of the teaching-learning process.

We sincerely thank you for your presence and valuable constructive feedback.
Let us walk an extra mile with Compassion and Competence..!

Thanking you,

Fr. Jinosh V. Mathew, CMI
Principal
