Date: October 01, 2026
File: Circular to Parents 2026-27

Subject: Thank You for Your Active Participation in the PTM – Grade X, on 27th September 2026, from 4:30 pm to 5:30 p.m.

Introduction

I would like to express my sincere gratitude to all the parents and students who attended and actively participated in today's Parents Teacher Meeting (PTM). As rightly stated in the National Curriculum Framework for School Education 2023, "Parents Teacher Meetings should not be primarily about telling parents the issues and challenges being faced with their children, but about sharing what their children are learning and the efforts being made by the school" (NCF-SE 2023, Section 2.2.2, p. 568). Please find below the Class-wise parent queries and responses:

Proceedings

The Grade X Parents Teacher Meeting commenced with a silent prayer followed by introduction and welcome by Academic Coordinator, Ms. Lakshmi S. Kurup.

1. Experience Sharing by School Toppers

The school toppers of AY 2025–2026 Janvi R, Deekshashree R P and Pranav P Yadav shared their experiences and study strategies with the Grade X students. They emphasized the importance of practising NCERT questions, NCERT Exemplar, question banks and Previous Years' Question Papers (PYQs). They also encouraged students to maintain organised notes, identify weaker areas and practice consistently.

2. Address by the Principal

Fr. Jinosh V Mathew, CMI, Principal, addressed the gathering and explained the question paper pattern of each subject. He emphasized conceptual understanding, regular practice and familiarity with different types of questions.

Students were advised to practice 100 Previous Years' Question Papers (PYQs) and make effective use of NCERT textbooks and reference materials. The principal also informed the parents and students about the special coaching classes during the Dasara vacation.

3. Guidance to Students and Parents

Students were encouraged to follow a structured study schedule, revise regularly, clarify their doubts and focus on conceptual clarity, time management and consistent practice.

Parents were encouraged to provide a supportive environment at home and motivate their children to maintain a regular study routine without creating unnecessary pressure.

4. Parents' Concerns and Responses

Grade X-D – Parent of Rufaidah Khanum

Concern: Mathematics was very difficult for the previous batch. What preparations is the school making for Grade X students?

Response: The school is focusing on strengthening students' basic concepts and providing regular practice. As CBSE has introduced a new question paper pattern, students will also be given greater exposure to competency-based and application-oriented questions.

Grade X-C – Parent of Rayaan Khan

Concern: Can special classes be conducted in the morning or evening?

Response: The principal informed the parents that a Google Form would be shared to collect their preferences. Based on the responses received, special classes may be arranged in the morning or evening.

5. Conclusion

The meeting provided parents and students with guidance regarding Board Examination preparation, the new question paper pattern, study resources, regular practice and special coaching. The session concluded with an emphasis on conceptual understanding, consistent practice, time management and the joint support of students, parents and teachers for effective Board Examination preparation.

Let us walk an extra mile with Compassion and Competence..!

Thanking you,

Fr. Jinosh V. Mathew, CMI
Principal
